

Hamdou Wane

Endpoint & Cloud Security Consultant

Microsoft Intune · Defender for Endpoint · Windows Autopilot · Cloud Security

SERVICES

Microsoft Intune MDM

Enrollment strategy, compliance policies, configuration profiles and conditional access that actually holds.

Defender for Endpoint

Deployment, tuning and response playbooks. Attack surface reduction, EDR onboarding, alert fatigue eliminated.

Windows Autopilot

Zero-touch provisioning at fleet scale. Hardware hash to productive device in minutes.

Cloud Security

Zero-trust architecture across Microsoft 365 and Azure. Tenant baselines and posture reviews for regulated environments.

EXPERIENCE

First Financial Bank

Endpoint engineering for regulated banking systems

GE Aerospace

Shopfloor 2.0 migration — ~100 manufacturing sites, ~10,000 devices

Cincinnati Financial Corporation

Endpoint & identity engineering at enterprise scale

Hillman Group

Intune Engineer — 3,000+ devices across distributed manufacturing

MRI Software

Identity & Access Administrator — global software organization

CREDENTIALS

CompTIA Security+ · Microsoft 365 Certified: Endpoint Administrator Associate (MD-102)

InfraGard member — Cincinnati · 7+ years in the field
